HAIL & STORM DAMAGE RESPONSE

RAPID SUPPORT WHEN COLORADO WEATHER HITS

Colorado hailstorms can damage multiple fleet vehicles at once, causing significant downtime.

We repair damage caused by:

- Hail
- Severe storms & wind
- Falling debris
- Weather-related body damage

PDR CAPABILITIES

Qualifying hail damage can be repaired while preserving the vehicle's original factory finish whenever appropriate.

FLEET HAIL SUPPORT

We coordinate multiple affected vehicles and create an efficient repair schedule to minimize fleet disruption.

Fast assessment. Organized repairs. Reduced downtime.

SUPPORT FOR MUNICIPAL & COMMERCIAL FLEETS

KEEPING ESSENTIAL VEHICLES IN SERVICE

We understand that fleet vehicles are operational assets.

When a vehicle is out of service, the impact extends beyond the repair itself.

Our facility is equipped to support:

- * Municipal fleet vehicles
- * Trucks
- * Vans
- * Buses
- * Utility and service vehicles
- * Commercial fleets
- * Larger specialty vehicles

Our objective is to provide a dependable repair process with clear communication and efficient turnaround.

Less downtime. More vehicles in service.

CONVENIENT FLEET SERVICE

WE MAKE THE REPAIR PROCESS EASIER

For approved fleet arrangements, All State Collision Center can coordinate the entire repair process:

VEHICLE PICKUP

Pickup of vehicles requiring repair

DAMAGE ASSESSMENT

Inspection and documentation at our Denver facility

COMPLETE REPAIR

Collision, body, paint and PDR services — all in one facility

STATUS COMMUNICATION

Clear updates throughout the repair process

VEHICLE RETURN

Coordinated return of completed vehicles when arranged

This reduces the time fleet personnel spend managing repairs and helps keep daily operations moving.
